Compiled by Nancy A. Jackson

Note: The full text is included here. If you prefer, you can [download the pdf here](#).

Index of Early Chancery Records in Chronological Order of Files In the Drawers of Lewis County Circuit Court Compiled by Nancy A. Jackson (Note: some of the numbering may be off as this was compiled 13 yrs. from my ledger that had some numbering wrong.) The process of finding these cases from order books is a timely process. I was allowed to go drawer by drawer by John Hinzman, Circuit Court Clerk, and from this process this index is derived as a rough guide for locating the files. Note: These files are very fragile and some are torn or coming apart.

## **This concludes the indexing of Lewis Co., WV Chancery files up to and including at least some of the files in the 1851 Drawer by Nancy A. Jackson.**

Note: Due to my eyesight and writing in a hurry I may not have some of the names spelled right. Ex. Some places I have Talbolt and other places Talbott. I am grateful to John Hinzman, Lewis County Circuit Clerk, for allowing me to examine the files drawer by drawer. If you are personally examining the files please remember they are very fragile and every attempt should be made to preserve the files for the use of other individuals. Probably white gloves should be taken to wear. Do not remove any of the files or parts of a file for your personal use. Copies can be made providing the policy has not been changed if the clerk has time but don't expect an entire file to be copied as some of these files are very large. Eventually copies of these files will be deposited in the HCPD Library but not in the near future. Nancy Jackson
